

READY TO BUILD A ROAD TO THE BAY

Bay Company is Only Waiting for the Dominion Government Will Do As to Bond Guarantees.

Winning, May 10.—Herbert Spicer, the managing director of the Hudson Bay and Pacific railway, arrived through the city Saturday morning, and was in the city for the first time in many years, making the final arrangements for the construction of the proposed new line from Prince Rupert to Churchill.

When he was interviewed by a press representative on his way from Portage la Prairie to Winnipeg on Saturday night, Mr. Spicer expressed himself quite confident of the success of the proposed railway, which is going to connect Western Canada to Europe by way of Fort Churchill and Hudson Bay.

"This new railway," said Mr. Spicer, "will be a tremendous boon to the people of Western Canada, and what is more, they are not likely to have to wait a great length of time for it, because we are going to begin the construction of the line immediately, and the line will be open to the public probably within two and a half years."

Mr. Spicer explained that the new road would be a single track between the city and seven or eight miles in length, but over all bridges there would be a double track. The line, branches, line, one being to Yorkton, was included in the scheme.

The saving of 1,000 miles from the route to the Hudson Bay and Pacific railway was only a matter of time. The building of the line would be synchronous with a direct line of steamships from Port Churchill to Liverpool.

Referring to the rolling stock, Mr. Spicer said it would be supplied as soon as possible. "What is more," he said, "we believe in the line, the line, and the material required for construction will be obtained as much as possible in Canada. We cannot get here what we shall get in the old country."

At the price of construction, Mr. Spicer said that would necessarily vary, owing to the fluctuation of the conditions to be met with along the route. In some places, around Prince Albert, for instance, construction will be on easy material and may perhaps be done at the rate of \$2000 per mile. At near or Fort Churchill, bigger natural obstacles will have to be encountered, and the cost will be much greater.

The company have, until now, been in negotiations with several large contractors, and the commencement of construction is now only a matter of weeks. Surveys have been over the proposed route and the necessary arrangements have been made and what the company are now waiting for is for a favorable arrangement from the Dominion government respecting the guarantee of bonds.

"The company," said Mr. Spicer, "will proceed with the work immediately provided the government do not make any unreasonable stipulations. The road will be completed within two and a half years, if also arranged with the government is completed within the next six weeks, as I believe it will be. Already a large expenditure has been made by the company, and after my inspection at the survey camp with Chief Engineer I am more than delighted with the gratifying way things are proceeding."

Speaking of finances Mr. Spicer intimated that the railway would probably involve an expenditure of \$10,000,000. He said, "We have got behind us several of the most influential financiers, and we are prepared to spend \$1,000,000 to \$2,000,000 straight away to prove our bona fide to the government."

As to the success of the railway when it is established, Mr. Spicer's statements were equally reassuring. "This railway," he said, "is different from most railways in one respect, that is it will not have to wait for the trade to develop. The freight is waiting there; it is more than the railway can carry even from the very first day the route is opened. The company will have as officials the very best men obtainable. I am quite sure that in two and a half years the whole service from Prince Albert to Liverpool will not be a mere fancy, but will be a realized fact."

Service Will Be Brief. Canadian Associated Press. London, May 12.—At Westminster hall on Tuesday, the service will be brief. The music, which will be played, under the direction of Sir Frederick Bridge, will consist of "The Last Psalm" will be sung as an ordinary chant. "Hail to the departed" and "The Last Judgment" will follow as solo quartette and chorus. The only other musical portion of the service will be funeral hymn "O God our help in every past," sung by the choir of St. Mary's.

The House office has intimated that but a small number of wreaths will be accepted for the funeral of the King. Among the representatives of the various countries will have a prominent place. The states of South Africa have agreed to act in concert. It is further stated that the states of all four continents, Cape Colony, Natal, Orange River and Transvaal. The royal colonial institute will be to the forefront with a wreath emblematic of the unity of the Empire.

AROUND THE CITY

LOCAL.

J. A. McPherson M.P.P. of Stoney Plain was in the city yesterday and had a conference with Premier Borden, with reference to some matters pertaining to his district.

H. H. Mallett, immigration agent of the Alberta government at Montreal, brought west 120, Quebec farmers, most of whom are settling around the city.

A. C. Clarke, of this city, is sending a party of six to the Yukon. Firstly the last train, to Brandon to complete in the week that opens this morning. Friday, May 13, at 10 o'clock. A large share of the money at Brandon.

Two children of Mrs. McCallum, of the city police force, wandered away from their home on Howard street yesterday afternoon and created considerable alarm for their parents. They were located last night about 10 miles away at Poudre's store, after view, where they had wandered.

PERSONAL.

Dr. Campbell, M.P.P., P.E.A., is in the city.

A. H. Allan, of Montreal, is a guest at the Yale hotel.

A. Taylor and Mrs. Taylor, of Fort Saskatchewan, are guests at the Albert Hotel.

C. C. Codd, hotel-keeper at Payton, Sask., is visiting in the city. He is accompanied by Mrs. Codd.

M. F. Morrison, barrister, and D. McCallum, of the city, are in the city. Mr. Morrison is in the city. Mr. Morrison, of the city, is in the city.

C.N.R. EXPRESS DETAINED.

The C.N.R. express due in Edmonton this morning at seven o'clock met with a somewhat peculiar attention about 10 miles from the city. While running at a moderate rate of speed the train was stopped and one truck of the baggage car were detained. They were no injuries.

SPORTS WILL BE BIG SUCCESS.

Frank A. Walker, M.P.P., the sportsman, who is in the city, is in the city. He is in the city. He is in the city.

PRIME MINISTER'S VISIT. The Liberals of Edmonton intend according Sir Wilfrid Laurier a great demonstration when he visits this city next summer in company with Mr. W. S. Fielding and Hon. Geo. P. Graham. A meeting of the executive of the Edmonton Liberal Club last evening was held at the city hall to discuss the preliminary arrangements for the prime minister's reception.

A resolution of condolence was adopted upon the death of his distinguished son, Mr. John Edward, who was killed in the war. The resolution was passed, and will be forwarded to Hon. Frank Oliver for transmission to His Excellency, Earl Grey.

BIG SHOW OF SETTLERS. H. L. Shaw, M.P.P., Settler, came to the city yesterday afternoon and will remain here for several days on private business. Mr. Shaw has just returned from a motor trip from Stettler to Calgary which he made last week in a motor car. He was greatly pleased with the crops of the country through which he passed and says the crops this year promise to be the best in the history of Alberta.

Speaking of the rush of immigration to the city, Mr. Shaw said that the district is fast filling up with people of the class which are delighted with the prospect. He says that there has been a considerable rainfall in all the country south of Stettler and Lacrosse and when he was at Red Deer several days ago the crops were very dry.

Speaking of the political situation, Mr. Shaw said that he had given it little attention since the adjournment of the house in March. He is awaiting the report on the Royal Commission before announcing his intentions as to the course he is going to take in the legislature.

READING FOR THE CAMPS.

The first in a series of readings on the G.T.P. railway, are now being read in the city. The readings are being read in the city. The readings are being read in the city.

KING EDWARD'S REIGN. Just as the nation is mourning for the loss of our King, so the young of our land, who are the future of our country, are mourning for the loss of our King. The young of our land, who are the future of our country, are mourning for the loss of our King.

REPAIRS WHERE THIS IS PERMANENCE. Repairs where this is permanence. Repairs where this is permanence. Repairs where this is permanence.

Or yet again with kindly word of counsel. Edwards a tank with ready room. Commanding final here from each month. So Edward ruled; with noble father heart. Providing for his own a generous. Or timely rescue in their direful need. Promising and rewarding peace—his part. Believed today where Britain's flag is farled. Nay, more, reversed throughout the city wide world.

DISCUSES BRITISH AGREEMENT. After more than six hours deliberation yesterday on the British Rail agreement the city council now at half past five after having one more gone through the twenty odd clauses that comprise the agreement between the city and the proposed railway company. The council met yesterday morning at 10 o'clock and were in session until after twelve. They again met at 2 o'clock and were in session until after five.

The new utilities commissioner, A. V. Boulton was present and gave suggestions as to the changing of a number of clauses in the draft agreement. He was distressed at much length and were in most cases adopted. A number of clauses were not completed and were left with the commissioners to be dealt with by the next council meeting.

The first draft provided that the railway was to be in the city for the year to take over all the company's lines in the city in twenty-five years or at any five year period afterwards. The first draft provided that the railway was to be in the city for the year to take over all the company's lines in the city in twenty-five years or at any five year period afterwards.

AT THE STARLARD. Next Monday and Tuesday, Starling will exhibit, for the first time in the city, the latest in the line of motor boats, which has been imported directly from England.

The following is an account of the race as given in the Bulletin of March 23rd, 1916. "Oxford today won the historic 1000 yards race in the city. The race was won by a close-packed group that lined the river 'fall length' of the course from Putney to Mortlake. The two crews put up one of the greatest races the river ever developed. The weather was ideal. There was a light breeze from the south which made for comfort. His tactics were successful and operations were successful until John Whitham's order. The injunction can be heard in Spokane shortly.

A MAP SHOWING THE GRAIN PRODUCTION

Department of the Interior Now Gathering Information for This Purpose—H. Fitzsimmons, Assistant Superintendent of the Survey and Swamp Lands Has Here for That Purpose.

The Department of the Interior will shortly have a map, similar to the one recently sent out, showing the grain producing areas of the townships of the West. The map will give the fullest possible details as to the amount of wheat, oats and flax grown and will be of great assistance to the intending settlers as showing the most productive areas of the country.

H. Fitzsimmons, assistant superintendent of railway and swamp lands in connection with the department of the interior, was in the city yesterday and on his trip through the West is furiously collecting data for his new map to be sent out from the department.

Mr. Fitzsimmons has charge of the maps sent by the department and his law throughout the country is largely for getting information on the grain producing areas. He was a visitor at the local Dominion Land office yesterday and in the afternoon left for the south.

HOLDS UP RAILWAY BUILDING.

Rancher, Single-handed, Held Back Construction Gang.

Spokane, Wash., May 12.—Douglas McAlister, a steady rancher in the Okanogan valley, has a perpetual hold-up on the construction work on the Great Northern railway by driving its engineers and graders from his ranch and holding the first single-handed hold-up in the history of the railway. The federal court in Spokane charged him with obstructing the railway by driving its engineers and graders from his ranch and holding the first single-handed hold-up in the history of the railway.

Next Monday and Tuesday, Starling will exhibit, for the first time in the city, the latest in the line of motor boats, which has been imported directly from England.

Fit-Reform

First In The Field And Foremost To-day

Fit-Reform originated high class, hand-tailored garments in Canada, just as Fit-Reform to-day originates the styles that Canadian gentlemen wear.

Most of the well dressed men you see on the street, carry the Fit-Reform trademark in the inside pockets of their coats.

These men know, by careful comparison, that there are no other garments made in Canada to-day superior to those perfected by the Fit-Reform system.

Fit-Reform has always been first in offering better styles, better tailoring, better values than it is possible to obtain elsewhere for anything like the same money.

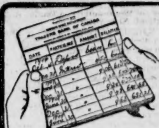

Fit-Reform was always—and is to-day—the first and foremost in the realms of high class tailoring.

We are showing the very latest creations in Fit-Reform Suits—the choicest of the season. \$18 to \$35.

DISTRICT NEWS

RED DEER.

Bulletin News Service.
The Van Dyke Pipe Company who were reported as moving to Edmonton, will not make any change at present.

The contract between the Alberta Central Railway Company and the Dominion Government for the construction of a railway from Red Deer to Rocky Mountain House, 70 miles, has been executed by the government and the company. A substantial beginning has to be made on the work by August 1st, and it is to be completed within two years. The fourteenth completion will make this road equal to the highest standard in Canada, the C.P.R. having fourth grade. It is expected that the cost of construction will run over \$300,000 a mile, not including bridges.

The supreme court sittings have been adjourned until June 1st.

The government building here has been dipped in purple and black.

The Red Deer Creamery has taken over the manufacturing from the government, leaving the selling out to the Calgary cold storage. The cream is being graded the same. Last year 10 per cent of the butter from the Red Deer Creamery was graded No. 1 at Calgary.

Mr. F. R. Mettler is a heavy buyer by sweeping the whole of his valuable timber limit 60 miles west of Red Deer. He estimates that the value of his limit would have been \$200,000. The fire spread from the Red Deer River valley and has been spread northwest over the North Saskatchewan in the spruce and pine forests towards the foot hills.

Price and Wales, Clearwater, shipper of the cars of cattle from Red Deer on Thursday, bought from the Red Deer Cattle Association at 14 and 15 cents. Hogs are being shipped at 13 and 14 cents.

As the result of the meeting of the Provincial License Commission at Red Deer, there will be a change in the Windsor hotel business by June 1st, and it is probable that Mr. Stephen Wilson may buy out his partner's interest.

Rev. A. Sparrow, of the First Baptist church, Calgary, preached at the Baptist church anniversary services on Sunday.

The first Alberta branch meeting of the Methodist Women's Missionary Society will be held at Red Deer on Friday, and following days. Forty new delegates are expected.

By the reorganization of the town football club, the Red Deer team has now three teams, viz. town, school and fire brigade.

Mr. J. F. Moore is expected in Red Deer next week.

LLOYDMINSTER.

Bulletin News Service.
The great expanse of land north of

Lloydminster, just the other side of the Saskatchewan, is being rapidly, in fact, as fast as the settlers locating that the work of surveying is being hurriedly pushed forward. The demand for locations. The township lines were run last year, but the task of dividing the township into sections has not been completed for any great distance north of the river, and maintaining the pressure of the great immigration into Canada this year is beginning to be felt in Lloydminster.

The big party of landowners left the town yesterday, going north along the median road to Hertz's Landing and over the river to the new district, via Union Lake. These landowners are a cosmopolitan crowd, including in their ranks, Britishers, Americans and quite a few of the Kaiser's subjects.

That those returned last, yesterday from their land-locating trip were tired with the long, dusty trip, but waxed eloquent, in diverse tongues and dialects, over the expert farming, land they had inspected.

The big party of surveyors which has just been buying supplies at the local store is the fourth to go through this season, each outfit being bound for the same district north of the river, and the new district, via Union Lake.

Landowners from the States, the United Kingdom, and the Patented, are joining one another on Lloydminster sidewalks and crowding the hotels, and new another addition to the land of strange tongues. A band of Bulgarian pipers, romantic looking, but obscured with principal grime are located just south of the track. They are here to read the stars and predict the future of Lloydminster in return for a slight monetary consideration.

Those success has been seen as Lloydminster does not need the future predicted, it is an assured one.

Lloydminster football team met the Bling Sun team in a quick, well-played game on Saturday. The farmers went down in defeat before the more skilled players, but with a substantial margin of five goals to one. Whitehead had to be taken off the field with a badly hurt ankle.

Morison Bruce's fine stock farm has been added to in a day or two. This winter, Mr. Bruce selected from one of the finest strains of milkers in the country three head of pure-bred stock, and they are crossing the native ones. An approximate value of \$40,000, has been built for housing them.

Lloydminster, May 10th.

ONOWAY.

Bulletin News Service.
The stock feed over Onoway on Friday, the 22nd ult., leaving a fine top in the care of Mr. and Mrs. J. B. Blacklock.

Miss Ethel Priestley and Miss Thorne, of Edmonton, who have been visiting the former's parents, for a few days, returned to town last week.

The church of England vicarage on Mr. Green's homestead, has been completed.

MILLS.

Mrs. Pearl Beattie has returned from a visit to her sister, Mrs. Green, in Edmonton.

James Priestley who has been working in Calgary has come home for a visit, bringing with him his daughter, Mrs. Rose, of Calgary, and his children.

Mr. Campbell, the school teacher, went to St. Albert a few weeks ago to bring his wife and children to this district.

The anniversary service of Pine Ridge Methodist church was held last Saturday. The service was conducted by Rev. W. E. S. James, M. A., B.D., of Wabamun. Mr. James is now holding service in Onoway. As Mr. James is going back to Onoway, two or three weeks there are the last services he will hold in this district.

Miss Edith Beattie has gone to Edmonton to attend school.

The sad death of Miss Alice H. Gantley, the only daughter of Mr. and Mrs. Gantley of Pine Ridge, occurred a few days ago. The funeral, conducted by Rev. M. F. Priestley, was held today, interment being made in the Pine Ridge Methodist church cemetery.

All the neighbors sympathizing deeply with the parents in their bereavement.

The next meeting of the Pine Ridge Methodist church was held at Pine Ridge on Monday last. Rev. Mr. MacNutt, the Presbyterian minister, was chairman. Souls were rendered by Mr. W. Parkinson, Mrs. James Priestley, Mr. T. Musselman, Mr. W. Mac, Mr. Russell, Rev. N. F. Priestley, Rev. H. G. O. Bergman, and the young men of the church and others.

The organ accompanist being Mr. Jackson, of Stony Plain. Violin solos were rendered by Mr. Russell, of Stony Plain. Diapasons were rendered by Donald Wilby, Kenneth Ferguson, Ralph Wynn and Clarence Barnhardt, and Rev. N. F. Priestley.

Recitations were given by Miss Ene Ferguson, Miss Emma Steffen, Kenneth Ferguson, Otto Weddell, Norma Priestley and Rev. MacNutt.

The farmers in the district have already finished ploughing.

Mr. and Mrs. Frank Erickson left for Edmonton two weeks ago. They intend to reside in Edmonton this summer. Their homestead has since been rented to a family from Oklahoma, U.S.A. They arrived in the settlement on Wednesday, the 4th ult., and are settling in.

Many people in the settlement have had to fight fire, for days in some cases.

Onoway, May 10.

L. I. D. 26-4.

Manville, May 9. The council of L. I. D. 26-4 met at G. M. Cundall's April 22, at 10 o'clock p.m. All the councilors present, J. J. Hope, chairman, Jas. Towell, Mr. Symington and D. McKel.

Minutes of the previous meeting were read and confirmed.

A communication from E. Damon was read, asking for a refund of taxes due to an overcharge in 1907. The same was allowed.

MILLS.

Messrs. Hope and McNeil moved a motion that \$1000 be expended in road work, \$400 in each division.

Messrs. Towell and Symington moved an amendment that \$500 of the \$1000 amendments of L. I. Ordinance be followed as regards expenditure, and the remaining divided equally among the divisions. The amendment carried.

The following foremen were appointed for the year, viz.: Division II—J. J. Mountain, W. Smith, A. Gibson, F. Lane and M. Powell. Division III—T. Banks, G. Cundall, D. Smith and J. Bright. Division IV—O. Summers, R. Symington, J. Townsend and J. G. G. G.

The secretary was instructed to write the department about having a bridge built across the slough has been surveyed, said bridge being very necessary for traffic from the north.

Two scrapers were ordered to be got, one for each division 3 and 4. Jno. J. Hope tendered his resignation as an councillor which was accepted, and the secretary was instructed to forward necessary papers to S. Bushaw, returning officer for a nominal meeting.

The following bills were passed and ordered paid: G. M. Cundall, expenses to Edmonton, \$10.00. Postage, \$1.00. Council adjourned to meet at J. Symington's, N.E. 26-4, July 30.

G. M. CUNDALL, Secy-Treas.

ERSKINE.

Bulletin News Service.
There has been considerable movement in real estate here this spring.

Mr. G. O. Bergman has erected a new office to take care of his fast increasing business.

The business and recently conducted by the Crown Lumber Company has been bought out by Messrs. A. L. Powne & Co. who will carry on business in the old stand.

The new firm contemplates making improvements and are putting in a stock of building material, securing some in Alberta.

Our cheese factory has commenced its season's operations and is already turning out the famous brand of Swiss cheese, which look all the prizes in Alberta last year. On account of the popularity of our cheese, and the consequent heavy demand, a good season's run is expected.

The Traders' Bank of Canada have moved into their handsome new building and the staff are kept busy attending to their many customers.

Mr. Oakley's new lively hair is about complete and will soon be ready for business.

Mr. Price-traveller for P. Burns & Co., was here on an eye-seeing trip this week and secured a large quantity of eggs, which he shipped to Calgary.

At a recent meeting of the board of trade many improvements were suggested, which, when carried out, will make our town very attractive. Among them were a system of waterworks for fire protection, which is badly needed.

Our business men are contemplating installing a town telephone service, of which we are also feeling the need. The matter will probably be settled very shortly, and the system installed at once.

Strach Kookko here. Erskine, May 11th.

RECORD MONTH FOR HOMESTEAD ENTRIES

R. E. A. Leach, Inspector of Land Agency, says April Entries broke All Canadian Records—Grew's Nest Pass Country Experience Sinking Train—Grew's Nest Pass Country Experience Sinking Train—Grew's Nest Pass Country Experience Sinking Train.

R. E. A. Leach, of Brandon, Man., in view of Dominion Land system is in the city today. His business here is of a general nature. He has visited a large number of the agents in both Saskatchewan and Alberta, coming to this city from Calgary. On Wednesday he was through the Grew's Nest Pass district, where they have been making rain, which was very badly needed and which has done a world of good to the country.

Mr. Leach says the crops all through the West are farther advanced than they have ever seen this at this time of the year. In Manitoba and Saskatchewan there were early rains and as a result the crops have come along splendidly. Every kernel of grain has germinated.

Speaking of the work of the land office Mr. Leach says that there have been more entries during the first four months this year than ever before in the history of the department. Last month's entry had 2,000 entries. Medicine Hat, 1,700, Swift Current, 1,200, Moose Jaw 1,200 and Regina 1,200. These are the offices where the greatest volume of business is being done. The agencies at Swift Current and Moose Jaw were opened only last month.

Mr. Leach drew attention to the school lands sales which are to take place this month in Alberta, the first at Camrose on the 19th and the second at Medicine Hat on the 20th.

Mr. Leach is registered at the King Edward Hotel. He leaves tomorrow evening on the C.N.R. for Saskatchewan.

In Honor of Dead King.

New York, May 12—The New York stock exchange will be closed for two hours on May 20th, the day of the funeral of King Edward.

opening hour of 10 o'clock has been put off till that day until noon.

MR. CUSHING NOT TALKING POLITICS

Insurgent Leader Has No Statement To Make Concerning A.O.W. Investigation

Hon. W. H. Cushing, leader of the Insurgents in the Alberta Legislature, arrived in the city last evening and registered at the King Edward Hotel. The former minister of public works is not talking politics. He has no comment to make on the proceedings of the Royal Commission investigating the Alberta and Great Waterways deal. He thinks it would be in bad taste to discuss the matter publicly until after the commission has made a report to the Legislature. Furthermore he expects to be called as a witness before the commission when it returns here next week and this fact he considers an added reason for not making any statement.

Means Millions in South. Referring to conditions in the southern portion of the province, Mr. Cushing said that the snow of Friday and Wednesday means millions in money to the south country. It showed throughout the entire day Tuesday, and although it melted almost as fast as it fell, by night time two inches covered the ground. There was easily five inches altogether. The snow extended north as far as Red Deer, but there was very little at Lacombe. It snowed even heavier south of Calgary.

"Much of the winter wheat in the south has been killed by the drought," said Mr. Cushing. "Some of it no doubt was winter killed, but the farmers state that there have been some minor early in the season, and if it would have been saved. Where the wheat was killed the farmers have sown spring wheat, which is looking splendidly."

Speaking of the lumber business, Mr. Cushing said that the lumber business has recently been to the coast, he stated that there seems to be no immediate prospect of a reduction in the price of this commodity. It is more likely to be a rise.

"Calgary and the south country is experiencing a marvelous development," said Mr. Cushing. "It is not entirely confined to real estate. Take for instance my own business—and I use this as an illustration because I know more about it, naturally, than about any other line of business—we did the largest business in saw factory goods we have ever done and as a usual thing April is not expected to be the best month in the year by any means."

1910 Best Year Yet.

"If the same ratio is maintained

during the entire year, I think I can safely say that 1910 will be the best year I have ever had. This increase in business I may also say is by no means confined to Calgary. The Edmonton branch is showing a remarkable increase also."

Mr. Cushing appears to be in very good health, having completely recovered from the severe cold and nervous prostration which he suffered during the session of the legislature.

Strange Suicide Pact. Winnipeg, Man., May 12.—That Victor Dividore and Indore Venturo, two friends and both hailing from Belgium, left their respective homes in St. Boniface and walked hand in hand to the C.N.R. bridge, where together they threw themselves into the Red River, has been determined by a coroner's jury which examined their bodies. Further, it is known that their death pact was entered into because of a triangular love affair in which both men played part, the mate of the third part being a girl in their own country. Realizing that not both could marry her and determined that neither of them should be left forlorn, they ended their lives.

Silk Missing. Quebec, May 12—Quebec has a silk mystery. Fifty five thousand dollars' worth of silk goods, said to have been received in Quebec six days ago, and once insured for about \$20,000, has disappeared. The discovery being made yesterday by Mr. Cunningham, who in his capacity as appraiser for the insurance company interests, visited the Hanger in Valer street, where the silk is said to have been stored, to appraise the loss sustained by a small fire in the Hanger last night.

COURT MOURNING TO LAST TONIGHT. His Honor the Lieutenant Governor has received the following telegram from Charles Murphy, Secretary of State, Ottawa, Ont., May 12th.

"I am commended to inform you that a cablegram has been received by His Excellency the Governor General, from the Hon. the Secretary of State, Ottawa, Ont., May 12th, that the Hon. the Secretary of State will last until May 12th, fifteen hundred and eleven."

"It is expected that the public will be very mourning."

"From May 12th, the funeral will take place on Monday, May 16th, at 10 o'clock."

CHARLES MURPHY, Secretary of State."

Not recorded

At once to join **WESTERN CLAYS LIMITED**; subscribe for Preference Shares in this great concern and increase the pay-roll of the Twin Cities.

It only means \$10.00 down per share on application, \$15.00 on allotment, say 30 days, and \$25.00 at 3 months. The directors do not expect to call up more of the capital, so that \$50.00 would secure a \$100 share.

Many shares are booked already; about 200 people more at one share each would supply all the capital required and get the business going.

Every share, according to most conservative estimates, will yield \$100 per annum net. That's better than farming, better than gambling in Real Estate, better than any investment on the market today.

This company can pay for less than half and make 100 per cent. profit per annum.

WESTERN CLAYS LIMITED is the company formed to make Vetrified Sewer Pipes and first class Building Bricks from the only known available deposit of this special clay in the whole district. The clay is on Strathcona Flats.

The capital of the company is \$350,000, divided into 2250 ten per cent. Preference Shares of \$100 each, 1250 Common Shares of \$100 each.

The present offer to the public is limited to 500 of the Preference Shares, which, besides taking a dividend of 10 per cent. before the Common Stock, rank for a full share in all dividends after the Common Stock has also received 10 per cent.

The Directors are Jno. A. McDougall (Capitalist); S. H. Smith (Broker); H. H. Richards (Banker); E. C. Chamberlain (Engineer); A. Driscoll (Civil Engineer); Geo. B. McLeod (Broker); and Howard Stutchbury (Agent).

All the Sewer Pipe used in Western Canada today is imported from the States and has to pay 33 per cent. duty.

Fullest Information and SAMPLES OF CLAY AND PIPES NOW ON VIEW
At **LUNDY & McLEOD'S**, 118 McDougall Avenue

THE DEACON SAYS

"Albertan" Manager White, in conversation with the writer yesterday, stated that his team from now on would do the ladder act upwards. He got away to a good start, but he was not to be taken for granted.

BUICKS AND BOUQUETS

It was a famous victory. The team from now on would do the ladder act upwards. He got away to a good start, but he was not to be taken for granted.

Edmonton batted for Tallant in 8th.
